

LESSON PLAN: KWIK CRICKET: YEAR 3: WEEK 5

LESSON OBJECTIVE: Learn how to play a kwik cricket game, focusing on rules and positional roles.

WARM UP (10 MINS)

Set up two targets or benches 20m apart. Split the class into 2 teams. The teams have to roll a ball along the floor to each other to then hit the target to get a point. Players can't move with the ball and the defenders have to stay 2m away from the person with the ball.

MAIN LESSON (20 MINS)

Get pupils into teams of 10 and separate them into:

- 2 batters
- 1 bowler
- 1 Wicket keeper
- 6 fielders

Ask the pupils to identify a partner to bat with. Set up 2 cones or sets of stumps 10meters apart. Ensure pupils have a go at every position. Every pair has 6 bowls per over per person, the batting pair get to face 2 overs and then have to swop with another pair. An over is when 6 balls have been bowled within a pair. If the batter hits the ball they have to run and swop ends, if they are bowled or caught out they have to swop ends.

Once the ball is hit the fielders have to return the ball to the Bowler or Wicket keeper asap. Do not count the runs; this is for pupils to understand the concept of how a game is played.

GAME/COMPETITION (15 MINS)

Continue the game above but count the runs scored for each team. See which team wins. Swop teams around if time allows.
