

SCHEMES OF WORK: **NETBALL:** YEAR 5

LESSON	OUTLINE OF LESSON
1	To learn how to control their footwork when moving at speed.
2	To develop short distance passing skills on the move.
3	To develop long distance passing on the move using signalling and communication.
4	To develop basic attacking skills, by understanding the principle of creating and moving forward into space to receive the ball.
5	To develop basic defending skills when marking the ball, demonstrating good control and quick reactions within a game situation.
6	To develop the shooting technique and to develop pupils understanding of rules and game play.
