THE COURSE

YEAR ONE

During the first year, practical and conceptual skills are developed through a teacher-led project that will help to equip you with the skills and confidence necessary to begin working on your assessed personal investigation project - this involves a portfolio of practical work supported by a written element made up of 1000-3000 words of continuous prose.

YEAR TWO

During the second year, you will continue to work on your personal investigation. This counts for 60% of your final grade.

The remaining 40% is from the externally-set task given by the exam board. Preparation for this begins in February and leads to a 15-hour exam.

MINIMUM ENTRY REQUIREMENT:
GRADE 5 IN A RELATED GCSE
- OR -
GRADE 6 IN ENGLISH

NEXT STEPS

Many of our students successfully continue their studies on to visual art or design courses at college or university.

Potential careers in the Arts include: graphic design, fine art, illustration, jewellery design, product design, printmaking, textiles, photography, fashion, interior design, culture and heritage, education, ceramics, animation, architecture, and many others.
