Dear Parents and Carers,

21 April 2023

We are pleased to announce that at the start of next week, our students in Years 7, 8, 9 and 10 will be provided with Knowledge Organisers. This is something we are introducing to support our students and to support you at home as well.

This is a move away from conventional homework in an attempt to support students with their revision skills, help them to develop their independence and resilience and, of course, to help them with their learning.

Our Knowledge Organisers will be provided for all subjects in Year 10 and all subjects for Years 7, 8, 9 apart from practical subjects such as PE or dance.

The Knowledge Organisers will provide you and our students with a curriculum overview and will explain the key elements of the work covered for each term, broken into three topics.

Teachers will guide their students to the particular topic that they are working on and set a task for students to complete about this topic.

One key elements of Knowledge Organisers are that they provide students an opportunity to complete revision and review their work on a regular basis. These revision skills are essential for students completing their GCSEs and A-levels.

The Knowledge Organisers are also available on the school website at <https://sflt.org.uk/waldersladegirls/homework> so you and our students are able to access them directly. This will give you an overview of the topics that our students are looking at through the term so you can support them with their learning.

If you have any questions regarding Knowledge Organisers, please do not hesitate to contact me.

Yours Faithfully

Mr R Elphick

Assistant Head Teacher
